## New Minister

### Appointment Follows A Midnight Rebellion

LONDON (AP)—Lord Home was named today to be Britain's new prime minister—the man who must try to carry the Conservative party to victory in elections within the next year.

The soft-spoken but incisive foreign secretary, 60, was appointed by Queen Elizabeth II to be her first minister at the urging of retiring Prime Minister Harold Macmillan.

Lord Home

The choice of the Scottish peer, who advocates a firm but realistic policy toward the Soviet Union, came despite a midnight rebellion within the Tory party. A large segment of Macmillan's own Cabinet fought to the last to block Home's appointment and win the post for Deputy Prime Minister Richard A. Butler, now thwarted for the second time, Macmillan edged him out in 1957.

Resentment centered on Macmillan's decision to pass over Conservative leaders in the House of Commons and select a member of the House of Lords. Home (pronounced hūm) is expected to relinquish his title promptly and seek a seat in the House of Commons in a special election.

Butler leads the liberal wing of the Conservative party. His supporters felt he gave the party a more modern image that was needed for the difficult struggle with the resurgent Labor party in the next general election, to be held by the fall of 1964.

Home himself had kept clear of the power struggle over the past few days. Friends said he was reluctant to shed his title in order to take over the government.

But Home was all smiles when he drove to Buckingham Palace to see Queen Elizabeth II.

Crowds gathered outside the palace knew at once that the struggle inside the party was over and that Home would become the next prime minister.

"It's Lord Home! It's Lord Home!" came the cry as his car rolled into the palace courtyard. Shortly thereafter came confirmation from Buckingham Palace.

"The Queen has received the Earl of Home in audience and invited him to form an administration."

## Reds Launch 20th Cosmos Into Orbit

MOSCOW (AP)—The Soviet Union launched No. 20 in its Cosmos satellite series today, Tass announced. These unmanned satellites carry scientific instrumentation for continued space studies, in a program announced March 16, 1962.

The Soviet news agency said Cosmos 20 was orbiting the earth every 89.55 minutes and added that all equipment on the satellite was operating normally.

The last previous satellite in the Cosmos series was launched Aug. 6.

WASHINGTON (AP)—James E. Webb, head of the National Aeronautics and Space Administration, told senators today he figured it was about time for Russia to fire another big space shot.

Within 20 minutes after he made the remark, he interrupted his testimony at a Senate Appropriations subcommittee hearing on the U.S. space budget requests to announce:

"At 5:30 this morning, Cosmos 20, another of the large Soviet space vehicles I have mentioned, was launched." He said he had just received the word, and that the satellite was unmanned. Moments later, a Moscow dispatch announced it, too.

## Last-Ditch Battle For New Carrier

### Admiral Rickover Still Pitching For Atomic Power

WASHINGTON (AP)—Vice Adm. Hyman G. Rickover has been in at least three huddles with top government officials this week in Navy's last ditch battle for nuclear power in a new carrier.

He conferred with Secretary of Defense Robert S. McNamara late Wednesday afternoon, Pentagon sources disclosed today.

It was understood he also had individual meetings with Glenn T. Seaborg, Atomic Energy Commission chairman, and with Jerome B. Wiesner, President Kennedy's science adviser, earlier in the week.

McNamara also has talked or will talk with other technical and fiscal experts in addition to Rickover, a spokesman said.

Both Rickover, the pioneer in nuclear propulsion for naval ships, and Seaborg have contended that the cost of nuclear power plants has come down while their efficiency and life expectancy have gone up since the eight reactors were installed in the big carrier Enterprise.

But McNamara a week ago tentatively decided that economic reasons should rule out atomic engines for the new carrier which has been authorized by Congress for construction with conventional oil-burning engines. He based that position on estimates that the increased cost for nuclear power might be anywhere up to about \$180 million.

Secretary of the Navy Fred Korth made his final bid for a nuclear carrier late last week. McNamara listened to the thoroughly angry Korth, then said he would reopen the matter.

Then on Monday, Korth sent his resignation, effective at the end of this month, to President Kennedy and went into a hospital for an ear operation.

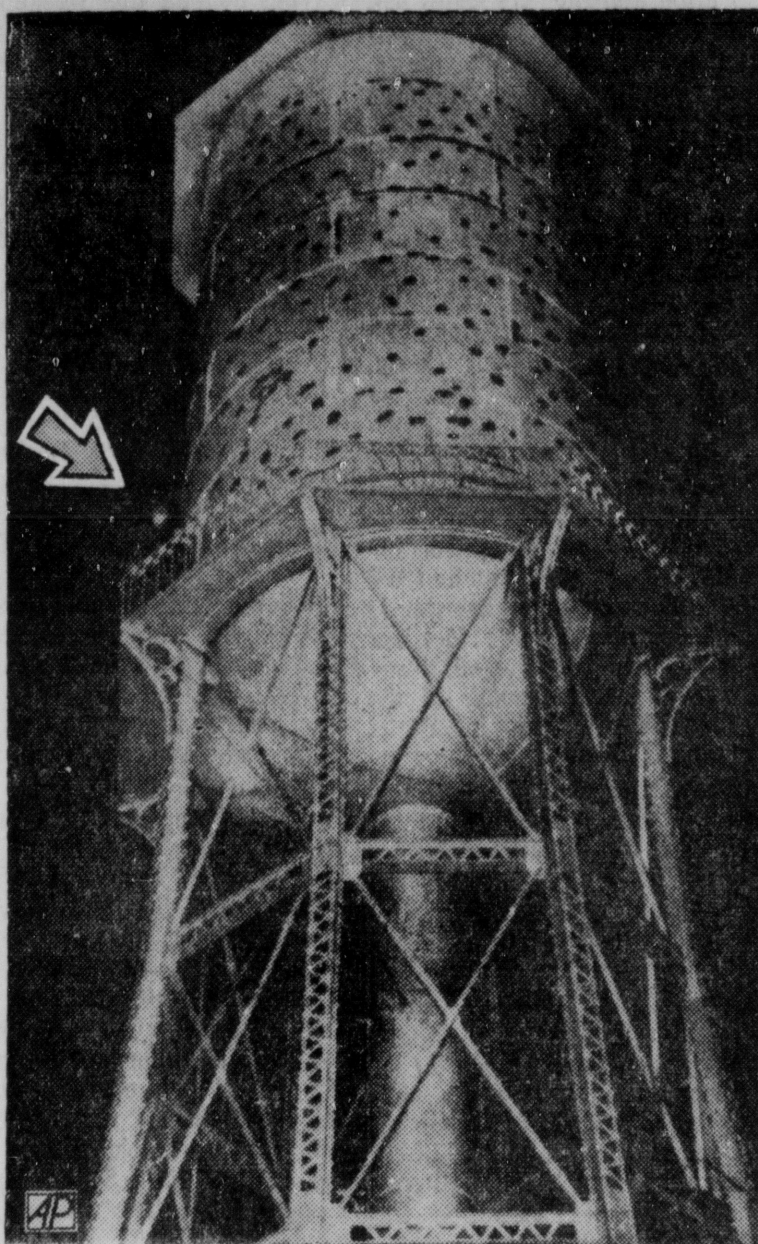

The decision will be made before Korth's successor, Paul H. Nitze, takes over, it was predicted. Nitze now is assistant secretary of defense for international security affairs.

## Despite Opposition

# New Hoffa Move To Rejoin Fold

WASHINGTON (AP)—James R. Hoffa, the tough little giant of the labor world, is looking toward a new try at bringing his Teamsters Union back into the fold of the AFL-CIO next month.

But labor sources say his chances this year remain about the same as they have been since the Teamsters were ousted from the AFL-CIO on corruption charges in 1957—zero.

The conditions set by AFL-CIO President George Meany for the return of the Teamsters are unchanged.

1. Getting rid of Hoffa as president of the Teamsters — the world's largest union with about 1.7 million members.

2. Assurance that the controversial Teamsters will live up to the constitution of the AFL-CIO.

Hoffa, who said in Detroit earlier this week that "it is only a matter of time until the Teamsters are back in the AFL-CIO," apparently won't personally lead the new attempt at re-entry at the AFL-CIO convention in New York beginning Nov. 14.

It will come through resolutions presented by the Michigan State Building and Construction Trades Council at the AFL-CIO Building Trades meeting Nov. 6, prior to the main convention.

Building and construction trades sources predict such a resolution would not get enough support to get to the floor of the AFL-CIO convention the following week.

There are other ways in which a pro-Teamsters resolution could get before the main convention, but one well-placed source said "as long as Meany is president of the AFL-CIO and Hoffa is President of the Teamsters, he (Hoffa) won't get back in."

Hoffa, in his Detroit talk to his home local Monday, said: "Nobody, including George Meany is big enough to keep us out."

Hoffa added: "If Meany fights it, it will only mean his ouster. I think Meany is too old to remain in the labor movement as an active leader anyway."

Meany is 69. Hoffa is 50. Although the AFL-CIO made no reply to Hoffa's statements, Meany gave no apparent indication of concern about the teamsters' latest effort to return to the AFL-CIO. He told a reporter the convention would be "just routine."

Other prime movers in the AFL-CIO also said the Teamsters have virtually no chance to rejoin the giant labor federation.

Joseph A. Beirne, president of the AFL-CIO Communications Workers of America, said in a statement he doesn't see the return of the Teamsters as a serious possibility.

McDonald said ticket sales are 184 short of last year's total which was 2,000.

## Critical Situation In Fires

### Measures Taken By States To Curtail Threat

CHICAGO (AP)—Emergency measures aimed at curtailing the fast-spreading fires across many of the nation's parched forest lands have been taken by more states.

As autumn's severe drought continued, the fire situation, mainly in the Northeast and in sections of the Midwest and South, was critical in many areas.

There appeared no general break immediately in the prolonged dry and unseasonably mild weather. Property and crop damage mounted into the millions of dollars.

Forest fires have been reported in more than a dozen states.

In the East, Massachusetts and Connecticut joined New Hampshire and Vermont in ordering woodlands and brushlands closed to the public because of the dry conditions and the outbreak of scores of fires.

All state forest and park lands in Pennsylvania have been ordered closed to public use of any type, effective at noon today.

Fire danger in York County, Maine, was classified as explosive—the highest rating—and other parts of southern Maine were described as very dangerous. A ban on smoking and open fires remained in effect in southern sections, about 10 per cent of Maine.

## Snake Dance Whitewash Over Town

Smith-Cotton High School students staged their annual homecoming snake dance and pep rally through downtown Sedalia Thursday night — all under the watchful eyes of Sedalia police.

But some of the young people's effervescence apparently eluded the officers, judging from reports on the police blotter.

Donald Hudson told officers at 10:31 p.m. Thursday that the top of his car and the inside had whitewash thrown over it while the auto was parked in the 700 block of South Washington.

John Boop, 210 West 11th, reported at 10:55 p.m. that the windshield and left side of his auto were painted with grey paint while the car was parked at his address.

Police received a report that persons in a pickup truck were whitewashing signs and billboards on the state fairgrounds at 11:15 p.m. They were gone, however, when police arrived.

Mrs. Neva Whiting, 510 North Grand, told police Friday morning that while her daughter had the car Thursday night someone painted her daughter's name across the back of the auto.

Police chased a subject carrying a bucket of paint or whitewash in the Country Club addition at 10:40 p.m., but the "painter" escaped.

Oliver Cox, 1510 South Osage, reported white wash was thrown over the hood and front fenders of his car while the auto was parked Thursday night at his home.

Police found Friday morning that a metal "traffic policeman" sign had been torn apart at 16th and Stewart.

The north and west side of State Fair Grocery, 16th and Beacon, were painted red and a sign was torn down sometime Thursday night, proprietors reported to police.

Police also discovered Friday morning a stop sign at 16th and Quincy had been turned around.

## Algeria Vows Desert Fighting Not Stopping

ALGIERS (AP)—Crack Moroccan troops have recaptured two Sahara Desert outposts but Algeria vowed today that "the fighting is not stopping."

Talks in Marrakech, Morocco, brought no cease-fire in the undeclared border war, and the Algerian negotiators flew back to Algiers.

The Algerians claimed Morocco's ultimate objective is the oasis of Tindouf, an important iron mining center in western Algeria. The village of Tindouf, which has a population of about 1,500, is near the borders of Morocco and Mauritania and about 180 miles southwest of the battle zone.

An outnumbered, poorly equipped Algerian force of about 600 retreated Thursday from Hassi Beida and Tindouf, the outposts 900 miles southwest of Algiers. Apparently they had changed hands several times since fighting broke out Tuesday.

In a palm grove at Hassi Beida, Moroccan Gen. Ben Omar driss told Associated Press correspondent Andrew Borowiec his orders were to hold the two posts.

Driss formerly commanded Moroccan troops in the U.N. Congo operation.

Borowiec said nine Algerians captured at Hassi Beida all were less than 18 years old.

The outposts, along the camel route to Tindouf and to Mauritania, placed the Moroccans in control of water wells, vital for survival in the desert.

The Algerians first retreated 10 miles to high ground, then withdrew their main force 40 miles to dig in at Tinfouchy. Associated Press correspondent Paul Davis reported in the first battlefield dispatch from the Algerian side.

## Space Team Selections Later Today

### Potential Members Are Identified By Informed Sources

HOUSTON, Tex. (AP)—The U.S. space team for two-man rendezvous missions and three man moon shots was to be increased today with the selection of 10 to 16 new astronauts.

Informed sources identified three potential members of the group in advance, but the Manned Spacecraft Center said strict secrecy on names would be maintained until the afternoon news conference announcement.

The news conference is scheduled for 4 p.m. Eastern Standard Time.

Two of the three arrived Thursday night but declined comment as they stepped from a commercial jet plane from Los Angeles.

They are Capt. Charles A. Bassett, 30, and Theodore C. Freeman, 33. Both are from Edwards Air Force Base, an advanced pilot training installation that supplied nine of the 16 astronauts selected in 1959 and last year.

They were met at Houston's International Airport by a spacecraft center security guard. This is a courtesy normally accorded only astronauts and Washington dignitaries.

Informed sources also indicated another Edwards pilot, Capt. David R. Scott, 30, had been added to the space team. Scott was known to have spent Thursday with San Antonio relatives but was unavailable for comment.

The ages of Scott and Bassett strengthened speculation the third group of astronauts would be the youngest, averaging about 30 years. The 271 applicants for the group had to be no older than 34 as of June 30.

Nine men selected last year averaged 32.5 years. The seven Mercury astronauts averaged 34.5 years in 1959.

The Mercury group pioneered the U.S. manned space program with solo flights that were terminated with the 22-orbit mission May 15-16 by Maj. Leroy Gordon Cooper Jr.

Scott, Freeman and Bassett currently are stationed at Edwards' Aerospace Research Pilot School.

## Hard Look At Liquor By Methodists

By GEORGE W. CORNELL  
AP Religion Writer

Methodists are taking a hard look at their rules against hard liquor.

Not that the church is considering abandoning its plea for abstinence, but some of its leaders are questioning the usefulness and soundness of its fixed regulations.

The "legalistic attitude is both crippling to our present task, and is entirely inconsistent with our Wesleyan heritage," says the Rev. Dr. Wesley Sheffield, president of Wesley College, Grand Forks, N.D.

He says that John Wesley himself, the 18th century founder of Methodism, was no total abstainer.

However, the Methodist "discipline" sets some specific restraints.

Paragraph 2023 declares: "Those accepting nomination or appointment for any official leadership in the Church are expected to refrain from all uses of intoxicating beverages."

That includes pastors, or members of boards, local or otherwise. Recent studies suggest it writes off many Methodists—who occasionally take a drink. The percentage, in various area surveys, has ranged from 41 up to 85 per cent.

Roger Burgess, head of the Church's Division of Temperance and General Welfare, proposes clarifying the position to help both drinkers and non-drinkers.

The board has drawn up a revised statement on the subject for consideration by the general convention next year.

The Methodist Church has long had an official policy against liquor. Baptists also oppose it, without definite legislation on it.

The United Presbyterian Church two years ago altered its position. While still advocating abstinence, it now "recognizes that there are many persons in our churches who in honesty and sincerity choose to drink moderately."

Most other major churches, Episcopal, Lutheran, Roman Catholic, the United Church of Christ, lay down no set regulations. Members taking varying views, some groups in all of them favoring total abstinence.

## Accidents

Clifton Mackey, 512 South Engineer, was treated at Bothwell Hospital Friday morning for an injured right ankle. He was treated by Dr. T. J. Hopkins, then released.

Gerald Burris, Route 3, was treated at Bothwell Hospital Friday morning for injuries received when he was kicked by a horse under the right eye. He was treated by Dr. J. E. Lamy, then released.

Mrs. Lana Jean Booth, 19, Sweet Springs, driver of a north bound 1962 Chevrolet coach, and her 18-month-old daughter, Luana Dalene Booth, received cuts, abrasions and bruises in a one-car accident at 2:40 a. m. Friday on US Highway 65, three-tenths of a mile south of the Saline County line in Pettis County.

They, and Mrs. Booth's husband, Roger Dale Booth, were returning from visiting relatives at Blue Eye. Mr. Booth, asleep in the back seat at the time of the accident, was uninjured.

According to Trooper R. W. Bruce of the Highway Patrol, who investigated the accident, the right wheels dropped off the pavement on the right side, causing the vehicle to veer out of control across the roadway, where it struck an embankment. The car spun and was thrown partially back onto the road, headed into a ditch.

Mrs. Booth and daughter were admitted to Bothwell Hospital, where they were treated by Dr. A. J. Campbell.

The car was towed to Sweet Springs by Hall Motor Company. Extensive damage resulted to the front and right side of the automobile.

No injuries resulted in a one-car accident at 8:40 p.m. Thursday on Route W, or 16th Street Road, nine-tenths of a mile west of US Highway 65.

According to Trooper R. W. Bruce, Highway Patrolman, Mrs. Mary Katherine Bethke, 27, Route 3, was driving a 1962 Chevrolet coach, headed west. She stated that as she drove over the crest of a hill she pulled to the right to avoid hitting two vehicles, each operated by a minor, which were side by side on the road. She applied the brakes as she pulled the car to the right, running the car off the road, where it struck an embankment. Bruce said the juveniles left the scene for a short time, but returned shortly.

The undercarriage of the car received the brunt of the damage, with some damage to the right side of the vehicle.

Oscar L. Lampton, 44, Route 1, Hughesville, escaped injury at 7 p.m. Thursday when his car went out of control and struck a bridge approach 1.7 miles east of Highway 65 on the county line road between Pettis and Benton counties.

Lampton was eastbound in his 1955 Chevrolet at the time of the accident. Trooper J. M. Cummings of Warsaw investigated for the Highway Patrol.

No injuries were reported in an accident at 6:30 p.m. Thursday on Route B, four-tenths of a mile west of Green Ridge, involving a 1948 GMC pickup truck driven west by Loy Harris Smith, 49, Route 1, and a 1963 Chevrolet, driven west by Elmer Otis Easter, 41, Route 1, Smith was accompanied by his wife, Cleo and Mr. Easter was accompanied by John Angel, Route 1, Green Ridge.

The accident occurred, according to Trooper R. W. Bruce of the Missouri State Highway Patrol, as the Chevrolet went over the crest of a hill and struck the rear end of the pickup. The left rear fender was damaged on the pickup and the axle was twisted. The right front fender of the car was damaged.

Police investigated a two-car accident at 5:05 p.m. Thursday at Broadway and Grand.

Involved were a 1954 Buick driven east on Broadway by Edwin Kerr, 37, 108 West Morgan,

B. T. Harvey, Clinton, and William F. Brown, Sedalia, are attorneys for the plaintiff.

Helen Reiter filed a petition seeking a divorce from Robert D. Reiter in Circuit Court Friday. William F. Brown is her attorney.

Appeal of a \$239.04 damage judgment awarded in Magistrate Court was filed Thursday afternoon in Circuit Court.

The judgment was made by Judge Frank Armstrong on Oct. 11 in favor of Violet Clopton and against Phillip Ream, 648 East 14th. Damages had been sought by the plaintiff as the result of an auto accident Nov. 5, 1962, at 14th and Ingram.

Sam P. Harlan is attorney for Mr. Ream, who is appealing the judgment.

The damage petition of Anna M. Scotten and D. W. Scotten against Bing's United Supermarket No. 1 on South Limit was dismissed Thursday in Circuit Court with prejudice to the plaintiffs and at cost of the defendant. J. R. Fritz was attorney for the Scottens.

# Ann Landers

Answers Problems Your

Dear Ann Landers: What can we do about a woman in our neighborhood who doesn't have all her marbles?

There are several families on this street and we all have young children. Naturally, children fight. This mother is forever rushing out of her house and becoming involved in the battles of her four and five year olds. She hits the youngster, sometimes in the face and on the head with a rolled up magazine, a mixing spoon— or whatever she happens to be holding in her hands at the moment.

Yesterday I just happened to be looking out the window and I saw her take a swipe at my three-year-old. I immediately went over and asked her what she thought she was doing. She replied, "Your child took my Harvey's bottle of ants."

Please don't suggest that I reason with her because it is impossible to reason with a nut. Please suggest something workable.—END OF MY ROPE.

Dear Rope: Instruct your children to stay out of the woman's yard. If she puts a foot on your property—either to referee or to take over for her kids—tell her she is trespassing and it is against the law.

Dear Ann Landers: Last Sunday I was invited to have supper in a restaurant with my boy friend and his parents. I am not quite 13, and I am a boy, too, so don't jump on my head for dating so young.

I was embarrassed when they asked me to order first because I didn't know how much money they wanted to spend on me. I looked at the prices and everything seemed pretty high. I didn't know whether to order a whole dinner or a sandwich or what. Really, it was horrible.

I stumbled around for a long time and then said I would have a peanut-butter and jelly sandwich because it was all I could think of. Everyone else ordered a whole dinner and I felt like a fool.

Please tell me what to do next time. Maybe the next family I eat with won't be able to afford whole dinners for everybody.—RED FACE

Dear Red: Your best bet is to say you can't decide what you want and ask the others to please go ahead and order so you can get an idea. Then order something similar.

Dear Ann Landers: I've been going steady with this fellow for seven months. He is 26 and I am 24.

He is very sweet to me but there's something fishy about this guy. He has dinner at our

house at least twice a week. My folks like him a lot and have offered him the guest room when the weather has been bad and his car was in the shop. (He lives on the other side of town.)

In all the time we've been going together he has never suggested that I meet his folks. He has told me about his mother and father and sister and they sound like fine people.

I have seen his home (from the outside) and it is beautiful. He can't possibly be ashamed of it.

Don't you think seven months of chit-chat is enough? He wants to be serious but I don't want to get involved with a fellow who is afraid or ashamed to introduce me to his family. What do you say?—HAD ENUFF.

Dear Enuff: You bet there is something fishy about this guy. No girl should tie herself up for seven months just for the halibut. Throw him back in the tank.

Confidential to DIZZY FROM THIS DAME: Marriage will not "straighten her out," so don't count on the miracle. A girl who has eyes for your brother, your boss and the delivery man doesn't sound like very promising marriage material.

**"I'm Sorry, No Vacancies"**

One thing about vacation trips, they provide experiences which months later become conversation material about pleasant and unpleasant recollections, but not too many of the latter.

Called to mind is a reversal encountered on cross country tours. Some newer motels do not display the customary sign indicating "vacancy," or "no vacancy."

The reason for this is probably because the newer places desire a new facet of distinctiveness. A "vacancy" sign has the connotation of undignified commercialism. So the appeal is to travelers to make advance reservations.

No one can quarrel with the practicality of making advance reservations, but this is not always desirable for those motorists who do not care to restrict their travel movements by inflexible itineraries.

How many have experienced the inconvenience and annoyance of approaching a motel which does not dis-

play, or improperly displays, a "no vacancy" sign? The motorist parks his car, shuts off the motor, releases the safety belt, walks into the motel, approaches the registration desk, waits for the desk clerk to finish a conversation on the telephone, then faces his icy stare as you ask him for room accommodations.

Then begins the irksome routine: "Sir, do you have a reservation? No? I'm sorry but we're all filled up."

So, off down the highway you go after losing 15 or 20 minutes, not to mention your temper. All of which could have been avoided if the motel only had a "vacancy" or "no vacancy" sign lighted.

No doubt the policy of no signs gives some motels status and an aura of more respectability. But many motorists still like to see the neon flicker as a beacon of convenience to them—especially when to the tired traveler the word spells "vacancy."

**Washington Merry-Go-Round****Satellites Watch Tito's U.S. Reception**

By DREW PEARSON

WASHINGTON — The most controversial Communist in Europe, Josip Broz Tito, is now the guest of the United States. On the manner in which he is received, whether he is picketed, and whether Senators Proxmire, D-Wis., and Lausche, D-Ohio, let out their usual hate diatribes will depend to some extent the course of communism in Europe. For Tito has great influence in the satellite world.

Queen Frederika of Greece, describing her husband's state visit to Yugoslavia, once told me: "When Tito took off his clothes to go swimming, his body was a mass of scars—wounds from war and the torture chamber."

In 1915 when Tito was a young non-com in the Austrian army, two Russian Cossacks came up from the rear of the Austrian trench and ran their lances through his body. He was taken prisoner by the Russians, shipped back to Moscow thence to Siberia and spent five years there, most of the time as a prisoner.

At the close of that war, while Tito was still in Russia, I went to his country. I know it well. Yugoslavia, then hastily thrown together by Woodrow Wilson and only a few months old, was struggling to pull itself out of the most ruthless occupation of World War I.

Its livestock was non-existent, its people starving, its houses in shambles, its railroads rusty ribbons with wheezing locomotives that could hardly make the grade.

**Led Ragged Army**

While I was still in Yugoslavia, helping to rebuild its villages and replow its fields, Tito came back this time to oppose the monarchy and, twenty years later, to put the most amazing and resourceful resistance against Hitler of any allied leader.

For three years he maneuvered a ragged army of partisans through the forests and mountains of Montenegro, Bosnia and Herzegovina. How he did it is one of the miracles of World War II. I have ridden horseback through those mountains, in the snow and in the scorching summers. I know how wild and forsaken they are. I know how difficult it is to get grass for your horse, let alone bread for the belly.

Yet while mighty France surrendered to Hitler within hours, and while Belgium, Holland and Scandinavia lay prostrate under the Nazis, Tito kept up his resistance. At no time did the Nazi armies ever control all of Yugoslavia.

"I must say that this old Communist, Herr Josip Broz, has really earned his title of marshal," lectured Heinrich Himmler to a group of senior German officers on Sept. 22, 1944. "When we catch him, we shall kill him at once. You can be sure of that. But I wish we had a dozen Titos in Germany, men who were leaders and had such

**Garden of Meditation**

A tear drop shaped pool surrounded by trees and flowers will be a beauty spot for meditation at the 1964 World's Fair.

In a central location a granite slab, an engraved plaque will bear these words:

"The Garden of Meditation. The three granite boulders are of metamorphic rock; at one time they were a part of the original surface situated many miles north of this place. The great glacier transported them to this region millions of years ago. They are placed here to testify to the everlasting faith in the Creator. The three bible references are timeless words of hope and guidance in a troubled world."

The wise designer, Gilmore D. Clarke, and his colleagues knew that in the midst of throngs of people and many exhibits there was need for a place to rest and meditate about the achievements of man and the wonders of God. Even the materialistic planners of the World's Fair recognize that there is a need for God in the human heart.

**The World Today****New Washington Shrine For Tourists**

By J. W. DAVIS

WASHINGTON (AP) — Beginning Monday, there'll be another shrine for Washington tourists: Woodrow Wilson's last home.

It's a handsome red brick house of Georgian design at 2340 S Street in northwest Washington. There the World War I President lived from March 4, 1912 when he left the White House until he died Feb. 3, 1924.

It is a memorial to a marriage as well as to a statesman. Among the relics the visitors will see is the high-backed, leather-covered chair used by Wilson at White House Cabinet meetings. On the back is a card in Wilson's handwriting which reads:

"Presented to my dear wife whose inspiration meant so much while I occupied this chair, Woodrow Wilson."

She was Edith Bolling (Galt) Wilson, whose will on her death in 1961 gave the house to the National Trust for Historic Preservation to be a memorial in honor of her husband. The National Trust has now prepared it for the public.

Wilson bought the house sight unseen in 1920 as he was preparing to turn the White House over to Warren G. Harding. He knew Mrs. Wilson wanted it; she had found it while house-hunting. "The one house I felt would qualify in every particular."

Mrs. Wilson wrote in her memoirs 18 years later: "Bless his dear heart! I was overcome."

She also told how, the first day they visited the house together, the President had a Secret Service man scoop up a small piece of sod "which, with a key to one of the doors, my husband presented to me—the sod representing the land, and the key the house."

It was an old Scotch custom, that the Scotch-descended Wilson remembered.

Mrs. Wilson, whom the President married in 1915 after the

death of his first wife, described in her memoirs the suffering that Wilson went through after his paralytic stroke in 1919.

She stood guard at the White House between him and all the troubles she could, and some politicians jealously accused her of interfering in matters of state.

By her own account: "I studied every paper, sent from the different secretaries or senators, and tried to digest and present in tabloid form the things that, despite my vigilance, had to go to the President."

"I, myself, never made a single decision regarding the disposition of public affairs. The only decision that was mine was

what was important and what was not, and the very important decision of when to present matters to my husband."

In the pleasant house on S Street there were no great matters of national urgency, but Mrs. Wilson maintained to the end a close watch over her beloved invalid.

One of the memories she treasured over the years was of their arrival in S Street just after Harding had been inaugurated, and the Wilsons' days of glory were over.

A crowd of 20,000 people filled the street in front of their new home, full of affection and warmly cheering.

"We almost wept," Mrs. Wilson said.

**The Doctor Says****A Yawn Begets Yawns, But There Are Reasons**By Wayne G. Brandstadt, M.D.  
Newspaper Enterprise Assn.

If you can read this article without yawning you have a strong mind. Since yawning does not threaten life or limb, no national foundation has been established to study it.

In the last few months, however, some reports have appeared that throw some light on a process that has never been very well understood.

It has been found that all mammals yawn, and women yawn about as much as men. If a snake appears to be yawning you had better look again. It is more likely that he is about to take a man-sized bite of something.

It is rumored that birds yawn, but I have never caught one in the act. Perhaps I've been watching the wrong kind of bird. Come to think of it I have never seen a fish or toad yawn.

It is now believed by some

that a state of decreased attentiveness is behind all yawns. This may be associated with fatigue, sleepiness or boredom. Although a yawn is not contagious in the sense that measles are, still it often spreads through the power of suggestion when someone else is seen yawning.

In many persons all that is necessary is to think of yawning and one is forthcoming. Often one good yawn begets another and a person may go through a series of a dozen or more in a few minutes.

Recent observations have suggested that yawning produces pressure on the thyroid and thereby causes the secretion of this gland to enter the blood. Persons with inactive thyroids were found to yawn much more than normal persons. When these persons were given thyroid extract they quit yawning and their general health was improved.

According to this same study, a yawn is followed by an immediate increase in the pulse rate and an increase in attentiveness or awareness of one's surroundings. This effect, however, is not sustained. I have always found that when I am sleepy a good yawn helps to relax me. If I am tossing from side to side in bed, which is rarely, a couple of yawns will help me to go to sleep. In fact, just writing about it has made me so tired I'm afraid I'll have to change the subject.

Q—For the past three years I've found it impossible to sleep unless I am on my stomach. What advantage or disadvantage is this to me? Is it a sign of weak lungs?

A—If you can fall asleep more easily lying on your stomach, do so by all means. This is not a sign of anything. Scientists who have made a study of sleep habits assure us that we shift our position every 30 or 40 minutes during sleep, so you may not sleep on your stomach as much as you think you do.

**A First In Schools****Human Relations Officer Post to Negro In Texas**

SAN FRANCISCO (AP) — A Texas-born Negro who grew from a hard-knocking football lineman into a gentle-mannered schoolmaster has been picked to handle one of San Francisco's toughest school jobs—the new post of human relations officer.

With the rank and \$17,400 salary of assistant superintendent, Dr. William L. Cobb is the first administrator in a metropolitan American school system charged with exclusive and specific responsibility for dealing with race and civil rights problems.

As a football center at Texas College in Tyler, Tex., Cobb was the center choice on a Negro All America picked from Negro college teams in 1934.

Still near his playing weight of 190 pounds, Cobb has shaped a personal philosophy in 24 years of school teaching that is sharply different from his football purpose.

"If you want to get somewhere, don't push somebody else down," Cobb said in talking of

the aims of his new assignment in an interview.

"Let's all go there together."

Cobb did not seek the job to which he was appointed Sept. 28 by Dr. Harold Spears, San Francisco school superintendent, with unanimous confirmation by the Board of Education.

"I picked him, not as a Negro, but as a kind man who likes children, who works well with teachers, and who is a leader," Spears said.

Cobb was appointed principal of San Francisco's Emerson Elementary School in 1947 as the first Negro public school administrator in Northern California.

Cobb, 52, served 16 years at Emerson, now a predominantly Negro school in the North Fillmore district, a major center of Negro population.

Cobb came to the San Francisco area in World War II as a civilian worker in the Navy's supply organization. He had been a teaching principal for eight years in all-Negro high schools at Kilgore and Hawkins, Tex.

He had earned a master's degree at the University of Southern California in 1940 and his doctorate at the University of California at Berkeley.

The post of human relations officer was authorized following a stormy year during which Negro organizations charged that there was de facto segregation and the citizens committee for neighborhood schools made a countering defense of neighborhood boundaries.

Finally a committee of three board members was directed to study the problem and make recommendations.

Creating the post of human relations officer was a key proposal in the committee's report, praised by Negroes and whites as well.

"It is recommended that wherever practicable and reasonable and consistent with the neighborhood school plan the factor of race be included in the criteria used in establishing new attendance zones or in redrawing existing boundaries as need arises," the report declared. It was adopted as board policy.

Carrying out the general policy was left to the administrative staff, with responsibility centered now in Dr. Cobb.

"Dr. Cobb must come up in a year's time with ideas noticeably more effective than we have had so far," Spears said.

Beside the issue of racial balance in schools, Cobb plans to push the development of classroom study units on the Negro's role in American life and better equipping teachers to foster racial understanding.

For the long run, Cobb said, "I'd like to see not only changes in attitude on acceptance, but also changes in practice."

Copenhagen maintains a permanent exhibit of all its products. Here the furniture is arranged in attractive rooms, with the hand loomed rugs and native textiles. The colors are bright and the lines smooth. The furniture does not look comfortable but it is. The silver, china and other products are displayed in good taste. There is no clutter.

The weather is cold and rainy, but it does not seem to deter anyone from doing anything. There is a large barometer across from City Hall where a girl appears on a bicycle if the weather is going to be sunny—and with an umbrella if it is going to be cloudy or rainy. So far the bicycle girl has not appeared for very long. The beautiful Little Mermaid waits patiently in the harbor for her earthly prince.

There are six newspapers in Copenhagen representing six different political parties. Most of them circulate throughout Denmark. The labor unions are well organized but there is also an employers union.

Tippling is a popular sport. Everybody gets tipped, even the usher in the theater. But only a Kroner, which is about fifteen cents.

There are a few slums in Copenhagen, much to the embarrassment of the Danes, but they don't look anything like New York's East Side or other poor housing areas in the States. The Danes think every child should have a place to play—and a little garden to enjoy and are working to establish them.

Denmark has had time to accomplish many things since it is the oldest dynasty in Europe and is 800 years old as a nation. It has experienced many wars and the resistance movement by the Danes in World War II represented the independence, strength, courage and ingenuity of four million people.

"The Bible—the best gift God has given to man." I wonder how many of us realize the truth of this statement made by Abraham Lincoln back in 1864? I didn't—until 12 years ago when I suddenly realized I had never read the Bible from cover to cover. Upon completing this inspiring experience I knew how much I had missed by not knowing the Bible better.

## 'Win THIS One'

## Grid Slogan Catching On; Homecoming is Tonight

The slogan, "We Are Going to Win This One," as stated by Coach Dick Rees of the Smith-Cotton Tigers, seems to have caught hold with the high school students in their opening homecoming celebration Thursday night.

The game with the Rolla Bulldogs gets underway at 8 o'clock tonight on the gridiron at the Jennie Jaynes Stadium, and there will be plenty of activity including other than the game the crowning of the 1963 Homecoming Queen.

Coach Rees announced Thursday night no definite decision has been made on the starting lineup but gave the following indications: Phil Matthews or Joe Lamy at left end; Dennis Hotchkiss or Steve Kenney at right end; Wayne Burton, left tackle and Mike Severide, right tackle; Cliff Banks, left guard and Bill Herrick, right guard; Con Rees at center.

The backfield will be John Johnson, quarterback and Jim Johnson at fullback; Fred Wertz, right halfback, while either A. C. Byrd or Jim Arnest in the left halfback slot.

There will be several additional sophomores who'll also see action in the game tonight.

The homecoming activities got off to a seemingly slow start Thursday night with the annual snake dance and pep rally. Approximately 500 students participated in the snake dance, but many of them weren't formed into the long line known as the snake, as in past years. Leading the parade down Ohio was the S-C pep band.

The group assembled at the high school parking lot for the cheering session, led by the spritely S-C cheerleaders. After the cheering was finished, the large group disbanded into many small groups to celebrate homecoming in their own ways.

Sedalia police were kept busy following various groups to see that they didn't get into mischief. The underpass at Broadway and Ingram was the target of whitewashers early in the evening and police reported that part

of the structure was painted before the dance started.

Some of S-C's students decided to celebrate early by painting the water tower Wednesday night, but were nabbed by police.

The homecoming activities lead up to the football game with Rolla, and it has been predicted by Major Amos B. Hoople, football's "Peerless prognosticator" that the Tigers will

## Mules Will Face 'Cats At Home Sat.

Warrensburg, Mo., Oct. 17 (Special)—The Central Missouri State Mules host the Maryville State Bearcats at 2 p.m. Saturday at Vernon Kennedy Field in Warrensburg in the 1963 Homecoming football encounter. A capacity crowd of over 6,000 is expected for the second MIAA contest for each school as each team takes the field with an opening conference game loss.

The "fighting Bearcats" will take a season record of 2-2-1 in the match. Lonnie Irvin and Mike Peterson, top backfield threats for Northwest Missouri State, have scored 18 points each to date among the leaders in the league. Irvin gained 273 yards in 49 carries for a 56 yard average through the Maryville team's first four outings. Peterson averaged 4.3 yards on 47 jaunts for a total yardage pick-up of 202. Don Daniels shows 17 attempts for 78 yards and an average of 4.6 per trip. Irvin shows 10 pass receptions, good for 100 yards and Peterson boasts 4 catches for 54 yards gained. The duo also is dangerous on punt returns, as Maryville State shows eight transfers from St. Benedict's and several other talented newcomers.

The CMS Mules are 0-3 after dropping to Kirksville State Teachers College, 49-0 last week. Washburn University, which earlier toppled Warrensburg State, 34-0, at Topeka, was forced to forfeit the verdict due to the use of two ineligible players.

The only Mules making top bracket showings in the MIAA statistics are John Rice, left-halfback.

The young Mules—there are 45 freshmen on the squad—are expected to show all they can muster for the homecoming game Saturday.

According to statistics and the general opinion of dopsters the Maryville - Warrensburg game should be a good one as the teams seem to be as well matched as any two in the MIAA conference.

be victorious, 7-6, and get the opportunity to ring their victory bell for the first time this year.

## Two Young Players On The Sidelines

Two players in the 12-13 age group, in a Midget soccer game between S&M Athletic Goods and Adco, were put on the sidelines for use of profane language during the game, which S&M won, 2-1 Thursday night. The second game of the evening, in the Bantam League saw Sealtest edge Third National Bank 1-0.

Third National recently lost two victories due to the use of an ineligible player, and the two teams Third National beat, Freese Dairy and the Jaycees, gained a victory each due to the ruling. That now puts "Third National 3-5 for the season, Freese 4-2-2, and the Jaycees 4-2-2.

S&M collected a goal in each half of play in Thursday's action due to the efforts of Van Ross and Ira Cochran. Cochran sent the ball past the goalie in the second half. Adco collected its lone goal on an intentional foul ruling, with Jimmie Parker doing the honors.

In the Sealtest-Third National contest, Freddy Miesner collected the lone score of the game in the first half of play. Parker, Sealtest's goalie, held Third National, which recently rode to top of the Bantam League victory heap, scoreless throughout the game.

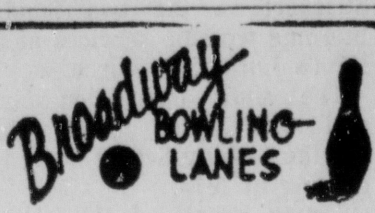

A full slate of action awaits Sedalia soccer fans Sunday. The schedule follows:

## Oklahoma Is Expected To Regroup

By JIM VAN VALKENBURG  
Associated Press Sports Writer

Oklahoma's deefnding Big Eight football champs, shaken up by the Texas defeat and the dismissal of Joe Don Looney, are expected to regroup for another title drive against Kansas at Norman Saturday.

It is the top game on a four-game Big Eight card and the first league game for Oklahoma, which has won 11 straight in the conference. Nebraska and Missouri, both 1-0 in the league play, are favored to remain top title contenders with victories. Nebraska meets Kansas State at Manhattan and Missouri takes on Oklahoma State at Stillwater.

The other game will be one of the most interesting, as it matches surprising Colorado, off to a 2-0 league start, against tough Iowa State, which upset Kansas 17-14 last week for a 1-1 league record. A crowd of more than 30,000 is expected for this one at Boulder.

Coach Bud Wilkinson, explaining the dismissal of his star halfback, said:

"Team morale had just ceased to exist...we protected this guy for more than a year...I told him I didn't think he could make it because of his attitude...it got to be too much for some of the players."

It seems certain the Sooners will be ready for an all-out effort to vindicate themselves and their coach, and a sellout crowd of 61,826 will be on hand to watch their comeback. Sooners have more power, with a bigger line and fullback Jim Grisham.

## To Probe Reports Of Test Cheating

COLUMBUS, Ohio (AP)—The Council on Student Affairs at Ohio State University has decided to form a special committee to look into reports of widespread cribbing on student exams.

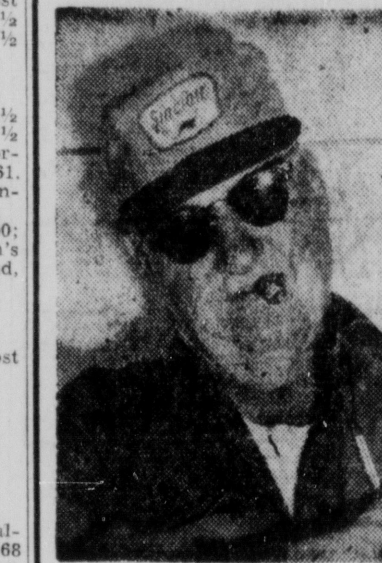

The council agreed on the action after reviewing the results of a student poll in which 42 per cent of 1,800 students asked admitted cribbing.

## See? No springs.

Volkswagens have torsion bars instead of springs. They run horizontally between the wheels.

This is how they work. Take a 3-foot steel ruler. Hold one end in each hand and twist. Let one end go.

It bounces right back to shape, without going boing, boing, boing.

The same thing happens when you drive a Volkswagen over a bump. You sit and wait for the next bounce, only it never comes.

The VW has separate torsion bars on all 4 wheels. So each wheel feels its own separate way over the road (and spends more time in touch with the road).

You get a firm, solid ride, with exceptionally accurate control.

Torsion bars alone aren't unique. Nor is 4-wheel independent suspension.

But the combination of both systems is extremely rare.

You can count all the sedans that have it on one finger.

**Surplus U.S. Barracks Going to Yugoslavia**  
WASHINGTON (AP)—Surplus, barrack-type housing to take care of 10,000 people is going to be turned over to Yugoslavia to care for victims of the July earthquake in the Skopje area.  
White House sources said Thursday that President Kennedy and President Tito of Yugoslavia talked about the earthquake, and that Yugoslavia still needs some assistance.  
Kennedy, the sources said, told Tito there are some surplus, dismantled barracks in storage in eastern France, and offered them to the Yugoslavs. Tito accepted. Now and when the barracks will be sent to Yugoslavia and other details have not been worked out.

## Negroes Get More Roles In Television

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—An interesting addition to television this season handled without emphasis, is the presence of so many Negro performers.  
All network programs have been using Negro actors and actresses in increasing numbers during the past couple of seasons, but usually in minor roles—policemen, judges, members of crowds.  
Many have noted the change and compared it with the situation of a few seasons back when a series set on the Mississippi River in the Civil War period managed a whole season without showing a single Negro, even in crowd scenes.

One of the funniest Dick Van Dyke shows was an episode involving a suspected baby-switch. A pair of attractive young Negroes were prominent in the proceedings.  
"The Defenders," which along with the old "Naked City" series has always used Negro actors, will star actor-playwright Ossie Davis, playing an assistant district attorney, in its Nov. 9 episode, "East Side, West Side" on Nov. 4 is to tell a tragic love story about a young married couple, Negroes, who lose their baby. That series, incidentally, makes frequent, unostentatious use of Negroes.  
"The Nurses" has had Negroes playing feature roles, and next Wednesday's "Eleventh Hour" stars Diahann Carroll as a nurse.

Negroes also have turned up recently in television commercials.  
NBC signed Betty White to cover the New York City Thanksgiving Day parade. And now comes word that rival CBS has assigned her husband, Allen Ludden, to describe the parade for its viewers. May the best spouse win the highest Nielsen.  
Bud Collyer, off CBS' "To Tell The Truth" with a leg ailment, will resume taping shows next week. During his absence, various performers substituted as host. Particularly effective was Orson Bean, whose offbeat sense of humor worked so nicely that he'll moderate next week's daytime shows.  
NBC's "Espionage" series, which got off to a rather soggy start, turned up with a good suspenseful show this week and is a series to keep an eye on.  
Recommended weekend viewing:  
Sunday—"The Tempest," NBC 6-7:30 p. m., repeat of the Shakespeare adaptation, with Maurice Evans and Richard Burton; "Manhattan Battle-ground," NBC, 10-11—documentary about a social worker in New York's slum area.

**Offers \$1,000 Reward To Halt Crank Calls**  
DENVER, Colo. (AP)—A thousand dollars is a stiff price just to stop a telephone from ringing. Martin Weiss, 68, a retired rubber worker, says it would be worth every penny.  
Weiss is offering a \$1,000 reward for information leading to the arrest of a couple of mysterious women who have been calling him for three years.  
Weiss says he has had his telephone number changed six times—each one of them an unlisted number. He has a telephone only as a safety measure because of illness of his wife.  
Often a woman's voice asks Mrs. Weiss if she knows where her husband is. Sometimes the voice asks why Weiss did not show up for a date the previous evening. Sometimes it says she is waiting for him at a nearby rendezvous.

## 2 Negro Brothers Gaining Acceptance in White School

EDITOR'S NOTE — Early in September racial barriers fell in Alabama's public schools for the first time. Among those actively participating in the history-making event were two young brothers who entered a white elementary school in Birmingham, despite strenuous objections. Here is a report on how they are faring six weeks later.

By JAMES PURKS  
BIRMINGHAM, Ala. (AP) — Dwight Armstrong is vice president of his sixth grade class. The most remarkable fact about this is that Dwight and his younger brother, Floyd, are the only Negroes in Graymont Elementary School.

Floyd also is gaining acceptance among his white classmates. Just the other day, he said, he was surprised when he was picked to captain the touch football team that day.  
Dwight, 11, and Floyd, 10, made history along with 20 other Negroes in Birmingham, Mobile, Huntsville and Tuskegee when they attended white schools — under federal court orders.  
The early furor over school desegregation apparently is dying down and Dwight and Floyd both note a growing acceptance by the other pupils.  
"I feel kind of like I used to going to school. No different. I feel better," Dwight said during an interview. The more talkative of the two boys, he looked at Floyd.  
"I feel natural, like I usually feel," Floyd said.  
They admit their feelings are quite different than when they entered the school in early September. Then they were nervous, excited and — as they remember it — alone.  
"I said to myself, 'I don't care what they say, I know who I am and what I am,'" Dwight said, explaining his initial reaction.  
Their father, James Armstrong Sr., a Birmingham barber, has an explanation for his boys being tense, but not afraid: "They went to jail during the demonstrations, I guess that got the fear out of them."  
There have been a few incidents — an occasional trip, or push, but nothing unpleasant lately. Armstrong, who moved into the neighborhood five years ago, keeps a guard at his house all night, and the family rarely turns on the lights in the front of the house — just in case.  
Dwight and Floyd study hard. Both brought home good report cards this week.

## Acquit Four Youths In a Hazing Death

CHARLESTON, W.Va. (AP)—A juvenile court jury Thursday acquitted four Charleston high school youths in the hazing death of a schoolmate.  
The youths had been charged in the death of Michael Murphy, 15, of Charleston.  
Murphy died after being subjected to a hazing involving a vigorous and prolonged slapping of the stomach, allegedly applied as part of his initiation into the school band.

## Sackcloth And Ashes In Rituals

JOHANNESBURG, South Africa (AP) — Sackcloth and ashes figure prominently in the ritual of South Africa's Latter Rain Assemblies.

This religious institution has its headquarters at Jantiel near Benoni, a gold mining town 20 miles east of Johannesburg.

The 200 men and women members at Jantiel live a communal life on 13 acres of land. They pray at regular intervals throughout the day, kneeling on sack cloth. Praying begins at four in the morning. On special occasions they place a sack covered with ashes over their shoulders. They always take off their shoes before entering the church. They sing and clap hands and pray before each meal.

Every time the community has to make an important decision the members read texts from the Bible to help them make up their minds.

The head of Jantiel is a Mara Fraser, 75, who is said to have had a vision of what God required her to do while traveling on a train. Friends say she was an atheist who was "saved" in 1922. She then joined the Pentecostal movement, but left it to found the Latter Rain Assemblies in 1929.

Few visitors are permitted to see Sister Fraser. The institution's spokesman is its deputy head Brother Martinus Scheepers, who looks like a burly farmer. He enjoys showing visitors around the community's handsome buildings, many of them two-story, and the well-planned orderly gardens filled with flowers.

Most of the church members are Afrikaans-speaking, but there are also Germans and Hollanders. Women members wear blue dresses and blue veils. The men wear khaki clothing.

None of them smokes or drinks.

There are many married couples at Jantiel and marriage between members of the sect is permitted.

The community does not believe in mixing of races. This is in conformity with the South African government's strictly enforced policies of race segregation.

Money to run the institution comes from church members outside and "through prayer and faith," says Scheepers. The community owns buildings worth \$280,000 and 40 vehicles which are maintained by its own mechanics. Community expenditure is at the rate of \$5,600 monthly.

The essence of the faith is a belief in the second coming of Christ. Public confession of sin is part of the preparation to meet the Christ.

There are now 12 Latter Rain community centers in South Africa, three in Germany and one in Holland.

"Latter Rain" refers to a prophecy in Joel 2 — "He will cause to come down the former rain and the latter rain." The community regards the latter rain as the rain at the end of the season which ripens the crop — according to their belief, the second coming of Christ.

You needn't worry about running low on gas for we keep your tank supplied.
